ER^{PLUS} SERIES | Price Computing Scale

TOTAL WEIGHING SOLUTION™

LCD Pole Display

The bright LCD Pole display with Blue Backlight is reversed so that clients are in full view of price and weight at all times. Non-Pole type also available.

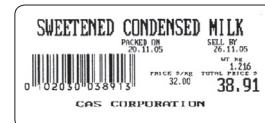

Soft touch tact switch keypad

Soft touch tact switch with silicon rubber keypad provides protection from such things as water, flour, dirt and other external objects interfering.

Connect with a barcode label or ticket printer

Can be connected to the DLP-50 (Label) and DEP-50 (Ticket) printers via an optional RS-232C interface. Once connected it can be used as label/ticket printing scale. Furthermore, it is possible to modify the label/ticket format via PC label/ticket editing software (ER-Works) that is provided as an option.
